

Tactile / Fine Motor - Level 1

1.4.4 Feely Books

Use a variety of books with different textures in. Encourage the child to feel the textures and turn the pages.

Purpose

To promote tactile awareness.

To promote eye-hand co-ordination.

To promote fine motor skills.

To promote the use of books, encouraging literacy.

Observations

Does the child like looking at books and feeling textures – what textures if any do they pull their hand away from?

Will they handle the books themselves and turn the pages?

Equipment

Variety of tactile books
