## Chewelry

**Name:**

**NHS Number:**

Chewelry is a range of safe, non-toxic, chewable jewellery which can be used to redirect children from chewing on their clothes, pencils or other non-food objects.

A range of designs are available offering different amounts of resistance and wearability to meet individual need.

If your child has any difficulties with chewing or jaw movements please consult with a Speech and Language Therapist or Occupational Therapist before using.

Chewelry is available from the following companies:

[www.amazon.co.uk](http://www.amazon.co.uk)

[www.sensetoys.com](http://www.sensetoys.com)

[www.kidcompanions.com](http://www.kidcompanions.com)

Other companies may supply the same or similar product therefore it is recommended that you search for the product yourself.

**Contact Childrens Therapy if further advice or information is required**
